To All:

The Purolite family lost a beloved partner, colleague and friend this morning. After a three-year battle with cancer, Henri Bousquet passed away quietly in Cardiff. Henri's contribution to Purolite was immeasurable and continued to his last days. He was a friend and inspiration to many. He started with Purolite over 22 years ago and was instrumental in making Purolite the success it has become. His dedication to the company and the people who make up the Purolite family, was unwavering. For his friendship, guidance, leadership and compassion, Henri will be missed.
